SOUND THE TRUMPET

* When Jesus needed a place of safety, Africa was tht place.(Mark 15:21)

* When Jesus needed help to get to the cross, Africa helped him.(Simon Mark 15:21)

Africa was called on to help Jesus, becoming in the process one of the most blessed continents in the history of the world. In the following centuries, Africa suffered for this act of service and is suffering still. Satan tried to take his revenge. But in the centuries of pain, Africa became God's suffering servant, and through this process has become ready to serve him again, for the third and decisive time.

Africa will have to lead the Christian world.

The Western world is sinking into decay, as Islam takes a hold. God is looking for someone to lead the Christian world, and Africa is that continent. **The enemy is afraid, and is smashing everything in Africa that he can smash.** What has happened in Cote D'Ivoire should be a warning to us.

What must we do?

Joel 2:15. "Blow the trumpet in Zion."

It is time to sound the trumpet in this Nation, calling on all God's people to pray in a serious way. The struggle has begun already. It is time to wake up, to rise up and to pray. This has to happen collectively across the Nation. If it doesn't, we are lost.

Joel 2:32. "And everyone who calls on the name of the Lord will be saved."

The message is simple. We must begin to cry out. Our cry must be "Lord save us." It sounds simple and it is simple. But sadly, so many of God's people are sleeping. They do not see the danger, and if we do not wake up collectively, the fate of other Sub Sahara nations will overtake us.

3. “Gather the people.”

The senior leaders of God’s people must gather for a solemn assembly. My fear is that if invitations are sent, no one will come.

The trumpet of hope.

If we do respond to the trumpet call, God will save and bless us. But time is short.
