S.A.M UPDATE: FEB 2018

Dear friends,

Mary and I will be back in Ghana March 21st until April 16th. We have our Easter Convention, our Leaders Summit and our Synod. Mary will celebrate 70 years on the planet with our friends while we are there. Can't think of a better place to have a party!

The alterations are taking place to Lydia House so that we can start the Kindergarten, and the huge concrete foundation for the school is due to be laid any time now.

We continue to circulate our teaching material. It is available to read and download online. These new products are on their own named page at www.touchingthesoul.org

- * **The African Christian Woman**
- * **Where are the Lamps?**

We did a promotional for the School recently in South London, and I am going to repeat this in Durham and Hereford. Anyone interested in Mary and I coming to do a promo please let us know. We will be touring in June, so could fit it in there if it is away from the South East. Locally we can come any time. The new brochure – “**Missionary School Dec 2017**” can be found at www.belovedmissionaryschool.org.uk

The Poppies material continues so circulate. I am now writing “More Poppies.” See the original on the POPPIES – THE BOOK page of www.poppyaday.org and if you want copies let me know and I will send them.

We continue to press forward. We stick to the Mission rule, which is quite simple: -
never give up and never give in!

Blessings

Jim
